HANDMADE IN HETHEL

Now all customers purchasing a new Lotus Elise, Exige or Evora 400 will have the option to collect their new car from the home of Lotus, its UK headquarters in Hethel.

All Lotus customers now have the opportunity to visit Lotus for a personal hand-over of their new car, receive a personalised commemorative owner's booklet charting the build of their car and meet the team who brought their Lotus to life.

The experiences also include a tour of the manufacturing facility where every Lotus has been hand built by skilled craftsmen and women since 1967 and a visit to Classic Team Lotus to see many of the iconic race cars of Team Lotus.

For customers looking for the ultimate Lotus immersion, there is even a chance to spend some time with a Lotus instructor on the famous Hethel test track and get first-hand insight into how Lotus' ethos of 'pure driving' is engineered into every Lotus car.
