

The first words

In this third issue at the hectic of the Nürnberg Toy Fair and the Geneva International Motor Show are behind us. My guess is that the next hot news will be Project Eagle, later this year. In this newsletter some new models, press releases and a newsletter dedicated to Lotus kits.

I hope you will find these news items useful!

Easter egg

23 and 24 March; how do you like your egg in the morning....

News from Group Lotus

Recently we did see:

- the introduction of the entry level 2-Eleven and extensive range of Lotus Sport performance options.
- new updated and significantly enhanced range of Europa's
- invitation to celebrate Lotus' Diamond Anniversary

New on the website

Model cars, brochures, press releases, in March we have had to many new items to mention here. I have to ask you to take a look at the 'news' page on the website to see the whole list. Please [click here](#).

Elise variations

In the Genealogy section of the website ([click here](#)) I have added the Elise 72D and the Elise California Special, both being limited editions.

Tesla

Production of this electrical car has started on 17 March 2008. The 2008 model year was already sold out at the start of production and Tesla is currently taking reservations for the 2009 model year Tesla Roadster. Over 900 Tesla Roadsters have been reserved in total (March 2008).

Downloads

There will be a new downloads section on the website, where I like to offer free Lotus related downloads like wallpapers, images, brochures etc.

If you have anything that you like to share with other Lotus enthusiasts and that will not get me into copyright problems, please let me know.
